Serve chilled with ice rock and orange and lemon slices. You can add other seasonal fruits, always use hard fruits to combine as Apple.

## BACKGROUND

Lying on the southern edge of the Iberian plateau and clearly defined by the fields of Montiel to the east, those of Calatrava to the west and the Sierra Morena to the south, these ancient vineyards are located in Santa Cruz de Mudela, a unique place that still nowadays preserves the cultural, culinary traditions and excellent savoir-faire of the typical and real Spanish life.

The Sangria PERLOLA express the personality of a unique country where a climate of extreme temperatures and the special characteristics of the land are ideal for growing high quality Sangrias. Mediterranean climate with relatively mild winters and very warm summers.

The effort and good work has been the engine of the family "López Alonso", making PERLOLA in one of the major exponents of High quality Sangria in Spain.
